

Clarum Homes Building Custom Home in The Enclave at Cypress Grove

SEASIDE, Calif. (May 10, 2010) – Palo Alto-based Clarum Homes is building a custom home in The Enclave at Cypress Grove, the first phase of a 400-acre planned, residential golf resort community on the Bayonet and Black Horse Golf Courses on the Monterey Peninsula. Clarum Homes closed escrow on Lot 2, which gently slopes down to the Bayonet's 9th fairway and is oriented to capture golf course views. Clarum completed the homeowners' association architectural review and received approval to build from the Design Review Board. The home will be completed in Summer 2010.

The Enclave at Cypress Grove offers 29 custom homesites in a gated, luxury resort community overlooking Monterey Bay that offers ocean or golf views. The community's comprehensive architectural and design guidelines assure individuality, differentiated style and artful execution.

Founded in 1994, Clarum Homes is a family-owned development company devoted to building exceptional new home communities in California. Clarum, recognized nationwide as a leader in green building, specializes in the design and construction of sustainable, high-performance custom homes.
